

COMARK

A Fluke Company

Comark KM28B

Thermocouple Food Thermometer

Type K thermometer for
speed of response in food applications

Ideal for busy food environments, the KM28B uses a type K thermocouple for quick temperature readings.

The KM28B food thermometer is an accurate, hard-wearing instrument with a large temperature range, ideal for an industrial food manufacture or commercial kitchen setting.

Sub-miniature connector for use with a wide range of Comark type K probes.

Features

- High Accuracy
- Auto Power-off
- Large Display
- Supplied with CRS/5 protective boot

Benefits

- Water resistant and easily cleanable with membrane keypad
- Compatible with a wide range of type K probes suitable for a number of applications
- One year warranty

Specifications

Sensor type	Type K
Connector type	Sub-miniature
Measurement temperature range	-40°C to +500°C / -40°F to +1000°F
Scales	°C and °F
Operating temperature range	0°C to 50°C / +32°F to +122°F
Instrument accuracy	-30°C to +110°C, ±1°C / -22°F to +230°F, ±2°F Full range ±3% of reading
Displayed resolution	+190°C, 1° above / 0.1° to +374°F
Battery Type	9V IEC 6LF22 alkaline
Battery Life	300 hours
Certification	CE, RoHS, WEEE

Warranty

All Comark instruments have a minimum one year warranty unless otherwise stated. The warranty for temperature probes is six months and all other probes are unwarranted because the conditions of use are beyond our control. The Comark Warranty covers manufacturing defects and component failure and applies worldwide. In line with our policy of continuous development, we reserve the right to alter any product specification without notice. Comark has an accredited UKAS (NIST equivalent) calibration laboratory for temperature and humidity measurement and offers full service and recalibration facilities.

Comark Instruments is committed to providing quality and affordable products to the food service industry. Our thermometers and humidity testers bring speed, accuracy and reliability to the transport, testing and storing of food under HACCP guidelines. A large variety of products, well-trained staff, and a commitment to customer satisfaction mean you can come to us for answers to all your temperature measurement needs!
